

SUBJECT INDEX TO VOLUME 46

A

- Abdomen, see also Gastrointestinal tract
 acute, in renal transplant recipient, 116
 aortic aneurysm, dissected, hemopericardium from, 589
 ruptured, surgical management, 289
 blunt trauma to, gastrointestinal perforations and, 100
 extraperitoneal abscess, 453
 mesenteric artery thrombosis, 534
 mesenteric tumefactions, 525
 vagus nerve, distribution to, 130
 wound dehiscence and evisceration, 508
 Abdominal wall
 defects, repair of, Gore-Tex vs Marlex graft, 618
 ultrasonography of, in diagnosis of spigelian hernia, 373
 Abscess, extraperitoneal, 453
 Accreditation, of vascular surgeon, 559
 Adenoma
 parathyroid, thyroideographic localization of, 50
 villous, duodenal, 640
 Aerobic bacteria, in decubitus ulcers of children, 624
 Alkalosis, metabolic, intravenous hydrochloric acid in, 140
 Allograft(s)
 cadaver kidney, posttransplant changes in peripheral blood T-cell rosettes, 697
 preservation of, methylprednisolone and, 335
 pancreas, duct-ligated, ex vivo hypothermic irradiation effects on, 713
 Ameloblastoma, symphyseal region of mandible, surgery for, 614
 Amputation, below-knee
 immediate-fit prosthesis vs soft stump dressing in, 244
 for vascular insufficiency, 239
 Anaerobic bacteria, in decubitus ulcers of children, 624
 Anatomy, science of, 197
 Anesthesia, for carotid endarterectomy, local, 174
 regional, 403
 regional vs general, 323
 Aneurysm
 abdominal aortic, dissected, 589
 ruptured, 289
 of axillary artery, 267
 Angiography
 intraoperative, in vascular reconstructive surgery, 328
 in occult gastrointestinal bleeding, 82, 83-84
 Animal studies, see also specific animal
 valve stenosis, 485
 Antibiotics, in prophylaxis of *Bacteroides fragilis* wound sepsis, in rats, 180
 Antigenic stimulation, via anterior chamber of eye, 686

Anus

- chronic fissure of, lateral internal sphincterotomy for, 572
 stenosis, 307
 Aorta, repair of, mesenteric artery thrombosis and, 534
 Aortic valve stenosis, experimental, 485
 Aortobifemoral bypass grafting, distal reconstruction following, 477
 Aortoduodenal fistula, 121
 Aortoiliac occlusive disease, surgical management, 279
 Aortoiliacofemoral reconstructive surgery, renal failure complicating, 295
 Aortorenal bypass grafting, 496
 Appendix, see Gastrointestinal tract
 Arrhythmia, septic, embolic hazard of, 313
 Arteriovenous fistula, internal
 hemodialysis access, grafts in, 694
 postoperative thrombosis in, 333
 Artery
 axillary, crutch-induced aneurysms of, 267
 brachial, occlusion of, after cardiac catheterization, 233
 carotid, spontaneous dissection, fibromuscular dysplasia and, 263
 surgery, see Carotid endarterectomy
 dorsal pancreatic, embolization of, in upper GI hemorrhage, 184
 mesenteric, thrombosis, 534
 popliteal, injury secondary to knee dislocation, 627
 Ascites, intractable, peritoneal-venous shunt in, 171
 Axillofemoral graft, modification of, to prevent compression thrombosis, 409

B

- Bacteriology
 of decubitus ulcers in children, 624
 of postgastrectomy duodenum, 708
Bacteroides fragilis, wound sepsis, in rats, 180
 Barium enema examination, extraperitoneal intramural and perirectal extravasation of barium during, 382
 BCG-osis, 473
 Biliary tract
 biliary peritoneal grafts, 673
 cholecystectomy, infection complicating, 386
 choledochoduodenostomy, 349
 for benign disorders, 344
 extrahepatic bile duct carcinoma and carcinoma of sigmoid colon, 723
 gallstones, ultrasonic diagnosis, 444
 operations, 514
 costal incision for, 576
 Biochemistry, serum, following liver trauma, 111

Biological activity, of cold insoluble globulins in operative trauma, 663

Biopsy

- liver, death from, in BCG-osis, 473
- of posttransplant perfused kidney, correlation with posttransplant function, 248

Bleeding, occult gastrointestinal, 80

Book reviews

- Eriksson, Ejnar (ed): *Illustrated Handbook in Local Anesthesia*, 2nd ed, 654
- King, Lester S.: *Why Not Say It Clearly*, 655

- Zuidema, George D., Rutherford, Robert B., Ballinger, Walter F., II (eds): *The Management of Trauma*, 3rd ed, 654
- Bovine heterograft, vs expanded PTFE graft, for dialysis access, 694
- Bowel, malrotation, in adult, 226
- Brachial artery, occlusion, after cardiac catheterization, 233
- Breast
 - carcinoma, 425
 - adjuvant therapy update, 20
 - in females under 30 years, 548
 - intralymphatic metastatic, 535
 - reconstruction, recent advances, 537
- Bronchus, carcinoid, 472
- Bypass surgery, for morbid obesity, 377

C

Calcium ipodate augmentation cholecystography, 352

- Cancer, 633; see also Carcinoma
 - in inguinal and femoral hernias, 358
- Carcinoembryonic antigen (CEA), 633
 - in colorectal carcinoma, 449

Carcinoid

- bronchial, 472
- gastrointestinal tract, 429

Carcinoma, see also Cancer; Tumor(s)

- breast, 425
 - adjuvant therapy update, 20
 - in females under 30 years, 548
 - intralymphatic metastatic, 535
- colon, 600
- colorectal, 105
 - preoperative CEA levels in, 449
- esophageal, colon interposition vs esophagogastrotomy in, 216
- extrahepatic bile duct, 723
- lung, 147
- malignant melanoma, 22
- renal cell, 464
- sigmoid colon, 723
- squamous cell, of thoracic esophagus, 551

Carcinomatosis, intestinal obstruction in, 691

Cardiac

- catheterization, brachial artery occlusion after, 233
- massage, internal vs external, in dog, 657

Cardiovascular system

- aortoiliac occlusive disease, surgical management, 279
- brachial artery occlusion after cardiac catheterization, 233
- cardiac massage, internal vs external, in dog, 657
- embolic hazard of septic arrhythmia, 313
- herniation of heart following intrapericardial pneumonectomy, 724
- large aortic valve prosthesis implantation in patient with small aortic annulus, 597
- steroids in heart surgery, 155
- Carotid artery
 - internal, spontaneous dissection of, and fibromuscular dysplasia, 263
 - occlusive disease, screening by ocular pneumoplethysmography, 679
- Carotid endarterectomy
 - local anesthesia for, 174
 - regional anesthesia in, 403
 - regional vs general anesthesia, 323
- Catheter
 - hyperalimentation, occlusion of, 469
 - indwelling intravascular, septicemia and, 301
 - peritoneal-venous shunt, tip location in, 171
- Cecal ulcer, in renal transplant recipient, cytomegalovirus and, 260

Cell

- sick, in shock, 6
- Warthin-Finkeldey giant, 412

Cerebrovascular system

- carotid endarterectomy, 174
 - regional vs general anesthesia, 323
 - results of regional anesthesia in, 403
- carotid occlusive disease, preoperative screening for, 679

Chemoneurolysis, of canine gastric submucosa, effect on surgically induced gastric hypersecretion in Pavlov pouch, 252

Chemotherapy

- breast carcinoma, 21
- malignant melanoma, 22

Children

- decubitus ulcers in, 624
- gangrenous appendicitis in, 582

Cholecystectomy

- costal incision for, 576
- infection complicating, 386

Cholecystography, augmentation, with calcium ipodate, 352

Choledochoduodenostomy, 344

- in elderly and high-risk patients, 349

Claudication, vascular vs neurogenic, 44

Cold insoluble globulins, serum depletion, wound sequestration, and biological activity in operative trauma, 663

Colon, see Gastrointestinal tract

Colon interposition, vs esophagogastrotomy, in esophageal carcinoma, 216

Colonoscopy, in occult GI bleeding, 81, 83

Compression thrombosis, 409

Congenital hypertrophic pyloric stenosis, 567

Continuing education examination, 194, 270

Costal incision, for biliary surgery, 576

- Crutch-induced aneurysm, of axillary artery, 262
- Culture, of indwelling intravenous catheter in critically ill surgical patient, 301
- Cutaneous mucormycosis, in renal transplant recipient, 315
- Cyclophosphamide, and antigenic stimulation via anterior chamber of eye, combined immunosuppressive effect, 686
- Cyclosporin A, 24
- Cyst
 - epidermoid, of spleen, 468
 - mediastinal thymic, 236
- Cytomegalovirus, and cecal ulcer, in renal transplant recipient, 260

D

- Decubitus ulcer, in children, bacteriology of, 624
- Dermatofibrosarcoma protuberans, of head and neck, 208
- Diabetes, peripheral vascular disease, 481
- Dislocation, of knee, popliteal artery injury and, 627
- Diverticulitis, as a gynecologic problem, 88
- Dog
 - cardiac massage in, internal vs external, 657
 - chemoneurolysis of gastric submucosa, effects on surgically induced gastric hypersecretion in Pavlov pouch, 252
 - duct-ligated pancreas allografts in, ex vivo hypothermic irradiation effects on, 713
 - experimental paraplegia in, effect of TDMAC-heparin bonded aortofemoral shunt in, 607
 - posttransplant renal failure, prevention of, saralasin in, 637
- Doppler ultrasound, in diabetic peripheral vascular disease, 481
- Dorsal pancreatic artery, embolization of, in upper GI hemorrhage, 184
- Double-lumen tube, for suction and feeding, in upper GI surgery, 363
- Duodenum
 - perforated ulcer, morbidity and mortality, 61
 - post gastrectomy, bacteriology of, 708
 - villous adenoma of, 640

E

- Echinococcosis, thyroid, 530
- EEA stapler, in bleeding esophageal varices, 494
- Embolization
 - dorsal pancreatic artery, in upper GI hemorrhage, 184
 - for hepatoportal arteriovenous fistula, 366
- Embolus, septic arrhythmia and, 313
- Emphysema, scrotal, 652
- Endoscopy
 - intraoperative, in occult GI bleeding, 82, 84-86
 - upper gastrointestinal, in esophageal reflux, 95
- Epidermoid cyst, of spleen, 468
- Epigastric hernia, incarcerated, and gastric ulcer, 418
- Esophagogastrostomy, vs colon interposition, in esophageal carcinoma, 216

- Esophagus
 - benign diseases, reconstruction for, 67
 - bolus obstruction, 473
 - carcinoma, 216
 - reconstruction, 67
 - reflux, 95
 - thoracic, squamous cell carcinoma of, 551
 - transection, lower, EEA stapler in, 494
 - varices, hemorrhage control, 494
- Exploration, of penetrating neck wounds, 38
- Eye, anterior chamber, antigenic stimulation via, 686

F

- Fasciotomy, four-compartment, without fibulectomy, 414
- Femoral-isolated popliteal bypass, in severe limb ischemia, 436
- Femoropopliteal bypass grafting, current status, 273
- Fiberoptic bronchoscopy, fluoroscopic control in, in pulmonary disease, 151
- Fibromuscular dysplasia, and internal carotid artery dissection, 263
- Fistula
 - aortoduodenal, 121
 - arteriovenous, 333, 694
 - duodenocolic, malignant, 722
 - gastroaortic, 470
 - hepatoportal arteriovenous, 366
- Fistula guard, to minimize postoperative thrombosis, 333
- Fluoroscopy, in fiberoptic bronchoscopy, 151
- Foramen of Winslow, herniation through, 535
- Fundoplication, complication of, 473

G

- Gallbladder, see Biliary tract
- Gallstones, ultrasonic diagnosis, 444
- Gangrenous appendicitis, in children, 582
- Gastric bypass, for morbid obesity, 377
- Gastrointestinal tract
 - appendectomy, incidental, 355
 - appendicitis, 504
 - bowel malrotation mimicking, 226
 - diagnosis, 504
 - gangrenous, in children, 582
 - and measles, 412
 - bacteriology of postgastrectomy duodenum, 708
 - barium enema, extraperitoneal perirectal extravasation of barium during, 382
 - bowel malrotation mimicking appendicitis, 226
 - bowel obstruction, prolonged, direct tube decompression for, 472
 - carcinoid tumors, 429
 - colon carcinoma, 600
 - colon interposition vs esophagogastrostomy for esophageal carcinoma, 216
 - colon perforation, 468
 - colon trauma, management of, 108
 - colorectal carcinoma, 105, 449
 - congenital hypertrophic pyloric stenosis, 567

of dog, chemoneurolysis of gastric submucosa, effects on surgically induced gastric hypersecretion in Pavlov pouch, 252

esophageal reflux, endoscopy in, 95

foramen of Winslow, herniation through, 535

gastroaortic fistula, 470

hemorrhage, dorsal pancreatic artery embolization in, 184

incarcerated epigastric hernia, extraabdominal perforation of gastric ulcer and, 418

incident appendectomy, pathologic abnormalities in, 355

intestinal obstruction in carcinomatosis, 691

ischemic perforation of splenic flexure, 723

jejunogastric intussusception, 470

jejunoileal bypass conversion to gastric bypass, 216

jejunoileal bypass and gastric bypass, for morbid obesity, 377

malignant duodenocolic fistula, management of, 722

Mallory-Weiss tear, suture plication without gastrotomy, 371

mesenteric arterial thrombosis, 534

mesenteric tumefactions, 525

occult bleeding, localization of, 80

perforated duodenal ulcer, 61

perforations, following blunt abdominal trauma, 100

peritoneal-venous shunt, catheter tip location, 171

postgastrectomy syndromes, treatment of, 201

primary aortoduodenal fistula, 121

pseudopregnancy pseudoobstruction of colon, 471

sigmoid colon carcinoma and multiple carcinomas of extrahepatic bile duct, 723

spigelian hernia, 373

ulcers, 470

upper tract surgery, double-lumen tube for suction and feeding in, 363

villous adenoma, 640

Gastroscopy, in occult gastrointestinal bleeding, 81, 83

Genetic disorders, testicular feminization syndrome, 457

Geriatrics

- anal stenosis and megarectum, 307
- choledochoduodenostomy in, 349
- thrombophlebitis, 441

Glycerol, in lung contusion, 33

Gore-Tex grafts, see also Polytetrafluoroethylene vs Marlex mesh graft, in abdominal wall defects, 618

Graft(s)

- aortobifemoral, 477
- aortorenal bypass, 496
- axillofemoral, modified, 409
- biliary peritoneal, 673
- bovine heterograft, 694
- femoropopliteal bypass, 273
- Gore-Tex vs Marlex, in abdominal wall defects, 618
- polytetrafluoroethylene (PTFE), 694

Gynecology, diverticulitis presenting as gynecologic problem, 88

H

Head, dermatofibrosarcoma protuberans, 208

Heart, see also Cardiac; Cardiovascular

- recurrent atrial myxoma, 469
- surgery, steroids in, 155

Hemodialysis, access, arteriovenous fistula for, 694

Hemodynamics, following aortobifemoral bypass grafting, 477

Hemopericardium, retrograde dissection of abdominal aortic aneurysm and, 589

Hemorrhage, esophageal varices, control of, 494

Hernia

- femoral, cancer in, 358
- foramen of Winslow, 535
- hiatal, 470
- incarcerated epigastric, 418
- inguinal, cancer in, 358
- sac, pseudotumor of, 187
- spigelian, 373

High-risk patient, choledochoduodenostomy in, 349

Hydrochloric acid, intravenous, in metabolic alkalosis, 140

Hyperbaric oxygen, 26

Hypermetabolic state, 6

Hyperparathyroidism, conservative surgery for, 230

Hypertension, renovascular, 496

Hypothermic pulsatile perfusion, for kidney transplantation, 248, 340

I

Immune complexes, and multiple organ failure, 15

Immune response, to operative trauma, cold insoluble globulins in, 663

Immunochemotherapy, adjuvant, for squamous cell carcinoma of thoracic esophagus, 551

Immunosuppression

- antigenic stimulation via anterior chamber of eye in combination with cyclophosphamide, 686
- new approaches, 24

Immunotherapy

- breast carcinoma, 22
- malignant melanoma, 22

Incision, costal, for biliary surgery, 576

Infection

- catheter-induced, 301
- complicating cholecystectomy, 386
- postoperative, nasal *Staphylococcus aureus* and, 310

Intussusception, jejunogastric, 470

Ischemia

- lower extremity, femoral-isolated popliteal bypass, 436
- four-compartment fasciotomy for, 414

J

Jejunogastric intussusception, 470

Jejunoileal bypass

- conversion to gastric bypass, new method for, 223
- and incidental appendectomy, 355
- for morbid obesity, 377

K

- Kidney
 - cardio-renal failure, 724
 - dialysis arteriovenous fistula thrombosis, guard for, 333
 - dialysis access, bovine heterograft vs expanded PTFE graft for, 694
 - failure, complicating aortoiliac femoral reconstruction, 295
 - nephrectomy, distal splenorenal shunt following, 464
 - renal artery revascularization, 496
 - renovascular hypertension, 496
 - splenorenal shunt, anatomic considerations, 298
 - following nephrectomy for renal cell carcinoma, 464
- Kidney transplantation
 - acute abdomen in, 116
 - cadaver allograft, posttransplant changes in peripheral blood T-cell rosettes, 697
 - cecal ulcer in, cytomegalovirus and, 260
 - hypothermic pulsatile perfusion in, biopsy after, correlation with posttransplant function, 248
 - predictive factors of renal function during, 340
 - mucormycosis in, 315
 - posttransplant failure, prevention of, saralasin in, 637
 - posttransplant function, predictive factors of, 340
 - preservation of cadaveric allografts, methylprednisolone in, 335
 - ultrasonography and renal scanning in, 55
- Knee, dislocation, popliteal artery injury and, 627

L

- Latissimus dorsi muscle, transposition of, in breast reconstruction, 537
- Lavage, pulsatile, in postoperative wound infection, 391
- LeVeen shunt, see Peritoneal-venous shunt
- Lipomatosis, pelvic, 520
- Liver
 - benign tumors, 398
 - biopsy, death from, in BCG-osis, 473
 - hepatoportal arteriovenous fistula, embolization for, 366
 - trauma to, serum biochemical changes following, 111
- Lower extremity
 - four-compartment fasciotomy of, without fibulectomy, 414
 - vascular occlusive disease, PTFE in, 165
- Lumbar laminectomy, vascular injuries during, 649
- Lung
 - carcinoma, 5-year experience at a university hospital, 147
 - contusion, glycerol and methylprednisolone in, 33

M

- Malignant melanoma, adjuvant therapy update, 22
- Mallory-Weiss tear, suture plication without gastrotomy, 371

- Mandible, symphyseal region, ameloblastoma of, surgery for, 614
- Marlex mesh gr.-ft, vs Gore-Tex graft, in abdominal wall defects, 618
- McDowell, Ephraim, 1
- Measles appendicitis, 412
- Mediastinum, thymic cyst in, 236
- Megarectum, 307
- Mesothelial hyperplasia, of hernial sac, 187
- Metabolic alkalosis, intravenous hydrochloric acid in, 140
- Methylprednisolone
 - in lung contusion, 33
 - protective effect on cadaveric kidney allografts, 335
- Morbid obesity, see Obesity
- Mucormycosis, cutaneous, in renal transplant recipient, 315
- Multiple organ failure, 14
- Multiple organ perfusion, 161
- Muscle, latissimus dorsi transposition, in breast reconstruction, 537
- Myxoma, atrial, 469

N

- Neck
 - dermatofibrosarcoma protuberans of, 208
 - penetrating wounds, 38
- Nephrectomy, distal splenorenal shunt following, 464
- Neurogenic claudication, vs vascular claudication, 44
- Noninvasive techniques
 - Doppler ultrasound, 481
 - phleboreography, 439
- Nose, *Staphylococcus aureus* carrier state, and post-operative infection, 310

O

- Obesity, morbid
 - jejunoileal bypass for, 223
 - jejunoileal and gastric bypass for, 377
- Occlusion
 - aortoiliac occlusive disease, 279
 - brachial artery, 233
 - deep venous, phleboreography for, 439
 - hyperalimentation catheter, 469
- Ocular pneumoplethysmography, in preoperative screening for carotid occlusive disease, 679

 - trauma to, 593

- Pancreatitis, and pericarditis, 722
- Papilla of Vater, benign tumors of, 563
- Paraplegia, experimental, TDMAC-heparin bonded aortofemoral shunt in, 607
- Parathyroid
 - adenoma, localization of, by thyroidography, 50
 - hyperparathyroidism, conservative surgery for, 230
- Pavlov pouch, 252
- Pelvis, lipomatosis, 520
- Perfusion
 - hypothermic pulsatile, 248, 340
 - multiple organ, 161
- Pericarditis, pancreatitis and, 722
- Peripheral vascular disease
 - diabetic, 481
 - limb ischemia, 436
- Peritoneal-venous shunt, catheter tip location in, 171
- Phleboreography, in deep venous occlusion, 439
- Polytetrafluoroethylene (PTFE)
 - expanded microporous, in vascular occlusive disease of lower extremity, 165
 - graft, vs bovine heterograft, for dialysis access, 694
- Popliteal artery, injury secondary to knee dislocation, 627
- Postgastrectomy syndromes, treatment of, 201
- Postoperative dressings, soft stump vs immediate-fit prosthesis, in below-knee amputation, 244
- Prostheses
 - immediate fit, in below-knee amputation, 244
 - large aortic valve, implantation in patient with small aortic annulus, 597
- Pseudocysts, of spleen, 644
